Increase your practice revenue with
8 AAFP CME Credit Hours in Sleep Medicine!
We welcome all medical doctors, physician assistants, and nurse practitioners.

Gain access to the professional component of the growing sleep industry and receive compensation. Learn about the critical role that you play in the treatment of sleep disorders for your patients:

- How do I diagnose sleep related disorders?
- What occurs at a sleep lab?
- What does the sleep report show?
- How do I get involved?

- We are highly qualified instructors, with an average experience of over 20 years in sleep disorders.
- Physicians nationwide have taken this course and are tapping into this new revenue stream.
- Sleep Disorder Interpretation Training program is approved by the American Academy of Family Physicians for 8 CMEs.
- Studies can be interpreted and signed electronically from your own computer in the office or from home.
- $250 tuition includes all course materials, CMEs, lunch and breaks.

Learn the proper way to bill for your interpretations

- Proper Billing Codes and Procedures
- Insurance Reimbursement Rates (approximately $150-$200 per sleep study)

Statistics show that 20% of a Primary Care Physician’s patient population suffers from sleep apnea.
